COMMENT

Meeting Attended:

I was not able to attend a meeting

Important Issues:

Land Use (Agriculture, Residential, Recreation), Historic and Cultural Sites, Radio or Television Interference, Noise, Health and Safety, Visual / Aesthetic Resources, Proximity to Residences

Property Uses:

Residential

Comment:

I-251-001 | Why has there been no real effort to notify land owners such as I that will be directly impacted by this?
Why does this line not go over any of Forbes land?

I-251-002 | Why does this line even go out of its way to curve around and over my property rather than go over a straight line which would go over mostly National Forest land and fewer residences? Of course this would put it over some of Forbes' land. How about that?

I-251-003 | Will there be any way I and my neighbors will have to see the officials face to face to be able to voice our deep concern over this travesty?

I can't tell you how bad this hurts me and my family and all those who come and visit our beautiful place in the mountains. This will for all practical purposes ruin our vacation home. We were even planning on building a new home next to the cabin we now have.

A very Sad

I-251-001: Public Involvement Process (In Review)

Your email/letter/comment form has been received and your comment noted. The project is in the planning and environmental review stages. Current project information will be available on the RUS project website, <http://www.usda.gov/rus/water/ees/ea.htm> and the Utilities' project website, <http://www.socotransmission.com/>.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.

I-251-002: Project Alternatives (In Review)

Your email/letter/comment form has been received and your comment noted. A range of reasonable project alternatives and mitigation measures including the no action alternative will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.

I-251-003: Public Involvement Process (In Review)
